

## La numération décimale

$$= \frac{1}{10} = 0,1 = \text{un dixième}$$

$$= \frac{1}{100} = 0,01 = \text{un centième}$$

$$= \frac{1}{1000} = 0,001 = \text{un millième}$$

$$\frac{100}{1000} = \frac{10}{100} = \frac{1}{10} = 0,1$$

$$\frac{500}{1000} = \frac{50}{100} = \frac{5}{10} = 0,5$$
